Mobile Cardiac Telemetry
Extended Holter
Cardiac Event Monitoring

ZOLL Cardiac Diagnostics expands our offerings in cardiac care through our comprehensive service platform including:

**Mobile Cardiac Telemetry
Extended Holter
Cardiac Event Monitoring**

Streamlined patient management with LifeVest® Network (LVN)

- Unified online portal for LifeVest and Cardiac Diagnostics patients—review all patients with a single login
- Place medical orders online, anytime, anywhere
- View all patient alerts and reports from a single online dashboard

Comprehensive patient support

- 24/7 patient support for monitoring questions and troubleshooting, so you can focus on patient care

High quality billing standards

- The highest standards in direct Medicare billing and third party billing
- Dedicated, expert reimbursement team with decades of billing experience

ZOLL Cardiac Monitor

- Continuous data capture for up to 30 days duration, enabling detection of infrequent and asymptomatic arrhythmias
- 3-Lead 3-Channel high-resolution ECG
- Single component device
- Full range of services simplifies device management, from Mobile Cardiac Telemetry to Extended Holter, and Cardiac Event Monitoring

Online Ordering—LifeVest Network (LVN)

- Place orders and review reports for LifeVest and Cardiac Diagnostics on a single patient dashboard
- Once submitted, Medical Orders are transmitted directly to ZOLL for processing

Patient Support

- ZOLL customer service calls every new patient to ensure smooth setup of the monitoring device
- 24/7 patient support to address questions and technical issues

Physician-Guided Reports

- Designed in partnership with physicians to facilitate quick review of monitoring results and consistent identification of critical data—posted promptly to the LifeVest Network
- Daily, Event, and End-of-Use reports enable trend analysis, like A-Fib burden and heart rate
